CARSE OF GOWRIE ORCHARD FESTIVAL

**SATURDAY 1ST –
SUNDAY 9TH
OCTOBER 2011**

www.carseofgowrieorchards.org.uk

WELCOME

The Carse of Gowrie Orchard Festival is now in its fourth year and aims to celebrate and promote the wonderful historic orchards in the area.

The Carse orchards have been around for 800 years since the monasteries owned and farmed the grange lands in the 12th century.

A survey in 2007 showed that only 17 orchards remain of the original 51 known and documented.

There are some wonderful remnants of old orchards that support a rich array of plant and wildlife, giving us beautiful blossom in spring and large quantities of fruit in the autumn.

The Carse is notable for its heritage varieties of apples: Bloody Ploughman, Lass o' Gowrie, Tower of Glamis and Hoods Supreme. The Jargonelle Pear was once famous in Perth orchards and plums are very successfully grown on the Carse.

We are now budding and grafting from the few heritage trees that still exist and are setting up a Carse of Gowrie Orchard Nursery to grow our own stock.
